(2) Notification dated 18-10-1939. (property of certain German firms at Bombay & Calcutta.)

This has already been brought to the notice of the Government of Mysore. They need take action only if any of the 7 firms mentioned in the notification has branches in the Mysore State. Otherwise no action is called for.

If it is considered that Mysore Govt. need not take any action on these two notifications, it does not seem necessary to send the statement to them. It will be sufficient if the draft already put up is issued.

Comm of Police U/o.

I do not know that "the usual provisions" are as we have had no other case yet. I suppose they are those prohibitions embodied in the Defence of Realm Rules. The Cy.P. might be asked to specify them more clearly. In practice it will mean that the Boy's will no longer be able to buy German materials and, when they find other sources of supply, will gradually exhaust their capital until they are unlikely to remain in the State.

H. Trevelyan, Esq.,
B a n g a l o r e .

Dear Sir,

I presume that under existing circumstances my business here will be officially liquidated.

In view of the fact that none of the persons employed in my office have a knowledge of all particulars, I should be glad of I could be given the opportunity of submitting a detailed statement of pending affairs and of the various ramifications of my business, both for the lightening of the labours of the official liquidator and for avoiding waste in that process.

If permissible I should be glad to be able to give in addition to a written statement also personal explanations and advice.

As the funds invested by me here represent the major portion of my savings and as at my age a new start must necesserily be difficult, I have an interest in as much as possible of the substance being preserved.

To give just a bare outline of my interests, I will mention that the firm of Neuenhofer & Co. has its headquarters in Bangalore and agencies in Hyderabad, Deccan, and Gudalur (Nilgiris). The stock in trade consisting of various kinds of merchandise, chiefly of the Genus hardware and further of provisions, has a value of about Rs 55.000.--. Outstandings amount to about Rs 10.000.--, and goods sent out on commission 3/4.000.--.

In addition there is a lorry fitted with charcoal-gasproducer, and 3 motorcars, whereof 2 were intended to be sold.

The firm is not registered, the partnership comprising only myself and my wife, who holds my power of atterney. The business has so far yielded no profits, and part of my expenditure has therefore being met by withdrawals of capital. The present cash balance of a few thousand Rupies represents therefore a reserve against private living expenses besides the overheadcharges of the business itself.

There are few liabilities consisting in unimportant tradebills, and in household bills of the month of August and some July.

The stock of trade consists to a large extent of goods intended for sale to the Mysore Government and which this Government, represented by the Dewan, has shown a readiness to take over.

I should be happy if my wife could be given permission to draw on the existing cash balance for payment of household bills and for defraying household expenses, and further, if she could be assigned out of the proceeds of liquidation regularly allowances sufficient to maintain her household such as it will be under the new conditions. I also beg to apply for permission for my wife to dispose of such parts of our household goods as can be dispensed with, and to use the proceeds in the same manner. The furniture and other equipment of the house are all our own property.

"FENLOE"

4/9.

In addition to the interest in my own firm I have a half share in the firm of Neuenhofer & Dincklage, Madras, being an Indian limited (private) company, with a capital of Rs 10.000.-- plus a loan of between 5 and 6.000.-- Rs extended to that Company by me.

I understood yesterday that my partner Dincklage has transferred his own interest in that Company to his children, who are natural born British subjects, this may or may not enable the Madras Company to continue operations.

Having also some landed property and some other investments in Switzerland, I should be enabled to correspond with my bankers there on the subject of my interests.

Thanking you in anticipation for any assistance you may find it possible to give me in this matter, I am,

Yours faithfully

E Neuenhofer.

Note on the organisation of the office of the Controller of Enemy Firms.

Objects. 1. This Office will come into being at the outbreak of war, Its objects will be -

(1) to make an inventory of all enemy property in India,

(2) to prevent the acquisition of any form of property by enemy subjects or enemy firms in India,

(3) to prevent or detect any cases of transfer by enemy firms of their assets in India, whether made after or shortly before the outbreak of war, which are against the public interest, either in the sense that they involve delivery of the property to the transferor or to a third person at the end of the war, or in the sense that they involve payment of the consideration at some place outside the jurisdiction of His Majesty or at some time other than immediately on the delivery of the property, or in the sense that the ostensible consideration is less than the reasonable value of the property;

(4) to propose the vesting of enemy property in the Custodian of Enemy Property and to make recommendations as to the manner of its disposal by the Custodian,

(5) to report on the activities of suspected firms and, where necessary, to recommend that they should be declared by Government to be "enemy firms" for the purposes of the Defence of India Rules (relevant extracts at Appendix C).

x x x x

Note B. Such enemy subjects on arrest will be allowed to make their own arrangements for disposal of their personal effects if these obviously do not relate to their business activities.

Note C. Enemy property after vesting in the Custodian of Enemy Property will generally be sold by him and the proceeds placed in a separate account, but there may be cases where it is possible to lease to a third party for the duration of the war an enemy concern, such as a mill, which employs a number of India workmen or manufactures articles which are necessary for the prosecution of the war.

My dear Trevelyan,

Control of Enemy Firms.

With reference to the Notice which appeared in "The Madras Mail" of the 5th instant as follows:-

(T)

> "In exercise of the powers conferred by Rule 105 of the Defence of India Rules, the Central Government is pleased to appoint the Agent of every branch of the Imperial Bank of India in British India to be Inspector of enemy firms for the revenue district in which the branch is situated."

I would be most obliged if you could kindly advise me if I have authority to undertake the duties of an Inspector in the Civil & Military Station, Bangalore.

I ask this as the Notification refers to British India and I am informed that the C. & M. Station does not come under that category. Further, I have received no copy of any order regarding the application of the Defence of India Ordinance 1939 to the C. & M. Station, or any definite information that it has been applied to that area.

I would also be obliged if an official copy of the Ordinance as applicable to the C. & M. Station could be supplied to me.

Reference: Disposal of personal property of enemy subjects. (Please see Part XV of the Defence of India Rules and section 11 of the Enemy Foreigners Order, 1939).

It would appear that section 11 of the Enemy Foreigners Order gives me power to give the authority required by sub-paragraph (a) of the proviso to Defence of India Rule 98(1).

I therefore think that the proper procedure would be for any prospective buyers of personal property of enemy subjects to obtain permission from me for such purchases, to give me a correct account of the articles bought and prices paid for them, to certify that such an account is a true statement, and to hand over any monies due on account of such purchase to me. Any such monies will be retained by me until such time as further instructions are received as to the control of funds of enemy subjects, or paid into the owner's banking account, if any. I should also give the enemy subject selling the property a receipt for the money received as proceeds of the sale.

I have sent out a warning to all enemy subjects that they must not dispose of personal property without prior reference to me and have instructed the Police to warn the public against buying from them without my permission. I further propose that the notice should be put in the "Daily Post" as follows:-

" The public are warned that under the Defence of India Ordinance and Rules it is an offence to have any commercial, financial or other intercourse or dealing with, or for the benefit of, an enemy, and that they may not purchase any property from a German without having obtained permission to do so from the Commissioner of Police, Civil and Military Station, Bangalore."

Control of Enemy Firms.

I have to bring to notice the case of the Lady Doctor Mrs. Spiritzer.

The provisions of Chapter XVI of the Defence of India Rules would appear to make it illegal for her to carry on her profession, and for any person to have any dealings with her.

Since the promulgation of the Ordinance her practice has practically ceased.

It would appear not to be in the Public Interest, and contrary to the Spirit of Sec. 16 of Defence of India ~~Act~~ Ordinance, that

(1) Public Health should suffer owing to an embargo on non-combatant Doctors.

(2) That Enemy Subjects who can support themselves if allowed, should become a charge on the State.

Dear Sir,

Control of Enemy Firms.

In continuation of my Private & Confidential letter of the 6th instant I have so far received no definite instructions regarding my appointment as Inspector in the Civil and Military Station and/or Bangalore City (in Mysore State). Please let me have clear instructions in the matter as soon as possible.

In accordance with the Defence of India Ordinance of 1939 withdrawals from Germans' accounts in this Office are not being permitted, with the result that certain German ladies who have not been interned have been unable to obtain funds for the ordinary expenses of their households. It is difficult to see how this situation can be permitted to continue, for as long as these ladies are at large they will require funds with which to meet current expenses. This difficult situation would not have arisen had the ladies and their children been interned.

Please supply me with definite instructions as to whether I may use my discretion in the matter of permitting withdrawals from these ladies' own accounts and from the accounts of their interned husbands at this Office for purpose

of meeting essential expenses.

CONTROL OF ENEMY PROPERTY.

My dear Kesavaiengar,

I am desired to forward a memorandum showing in brief the instructions which we have so far received regarding control of enemy property. We propose to take the following action in the Civil and Military Station -

(1) The Commissioner of Police will allow disposal of enemy personal property by the families of internees with his permission.

(2) The Agent of the Imperial Bank has been instructed, pending further instructions, to allow enemy subjects at liberty to draw on their private accounts to meet their reasonable current obligations.

(3) The Commissioner of Police is making it clear to enemy subjects that their financial transactions are subject to his general supervision. They will be permitted to live according to their usual standards, provided that they will not thereby exhaust their resources and become a charge on public revenues.

(4) We are asking the Political Department

The Resident suggests that the Government of Mysore should take action on the same lines for the State. It is desirable that Government organisation in regard to enemy property in the State should be co-ordinated with the organisation in British India, and he therefore suggests that the Agent to the Imperial Bank might be appointed by the Government of Mysore in the State for the purposes for which he will be appointed in the Civil and Military Station. He suggests that you should discuss the matter further with Mr. Gill. When we get further definite instructions in any matter, we will let you know.

(2) A copy of the Defence of India Ordinance and Rules and modifications applying them to the Civil and Military Station.

(3) A copy of the Foreigners Ordinance and the Enemy Foreigners Order issued under it.

(4) A copy of paragraphs 5 and 15(4) of the Provisional Instructions for the control of foreigners in war.

The Resident is asking the Political Department

(a) to appoint an authority for the purposes of proviso (a) of Rule 98(1) of the Defence of India Rules;

(b) to appoint the Controller of Enemy Firms and his staff for the purposes of the Civil and Military Station.

He proposes the following action for the present in the Civil and Military Station.

(1) The Commissioner of Police will allow disposal of enemy property by families of internees with his permission.

(2) He requests you, pending further instructions, to allow enemy subjects at liberty to draw on their accounts for the purpose of meeting their current

SECRET.

Extract from Provisional Instructions for the control of Foreigners in War.

Part II. Internment.

* *

5. Property of internees.-

(1) Property which must and may be taken to internment camps.- Internees will be allowed to take to internment camps a limited amount of baggage only and will be required to provide themselves with certain articles. The articles which must be taken with them and the limits of baggage which they may take are as follows:-

(a) Articles which must accompany the internee.-

Certificate of Registration.

Passport or other proof of identity.

Personal clothing and toilet requisites.

Bedding.

Mosquito net.

Messing utensils, which as a minimum must include knife, fork, spoon, plate and mug.

(b) Limits of personal baggage which internees will be permitted to take with them.-

Class A	..	..	6 maunds.
Class B	..	..	2 maunds.

The articles specified at (a) above will be included in these maximum limits.

(Note.- As at the time of arrest the final classification of internees will not be known, the officer effecting the arrest will exercise his discretion as to the limit of baggage which he will permit the internee to take with him and will allow the maximum of six maunds if the internee is prima facie of officer status and expresses his willingness and ability to pay the messing charge of Rs.3 a day.)

(2) Other property.-

(a) Property other than that which will accompany internees will be, generally, of two classes -

(i) business assets, and

(ii) personal property.

Business assets will generally be found at the internee's place of business and will be disposed of by officers specially appointed to control the activities of enemy firms. In the absence of other instructions, beyond requiring the internee to lock his place of business, civil officers charged with the duty of arresting enemy subjects will have no responsibility for such property.

(b)

(b) The following instructions relate to property in the personal possession of the internee at his place of residence at the time of arrest. Such property will be either -

(i) articles of which the possession by enemy subjects will in general be prohibited, or

(ii) articles which appear to relate to the business activities of enemy subjects, or

(iii) other property.

(c) Prohibited articles include firearms and other articles specified in paragraph 20(1) of these instructions. Any article of any of these classes will be taken possession of by the officer effecting the arrest and a receipt will be given for it by or on behalf of the Commissioner or Superintendent of Police.

(d) Articles which appear to relate to business activities may include -

Correspondence,
Securities,
Title Deeds,
Foreign currency, or
Indian currency, in excess of the immediate needs of the enemy subject and his family. (Rs.500 may be taken as a reasonable limit.)

As business dealings with enemy subjects will be prohibited under the Defence of India Ordinance, the Commissioner or Superintendent of Police should take possession of such articles, give a receipt to the owner, and transfer the articles in due course to the Deputy Controller of Enemy Firms, Bombay, if the internee's place of business is in the Bombay Province Baluchistan, Sind, Ajmer-Merwara, the Central Province or the Madras Province, and to the Deputy Controller o Enemy Firms, Calcutta, if the internee's place of business is elsewhere in British India.

(e) Other property.- The personal property of internees shou subject to the right of the police to search for arms, cameras, treasonable correspondence, etc., not be interfered with without further instructions. Reasonable precautions against loss and theft, however should be taken on the following lines -

(i) If an internee has his wife or any member of his family not liable to immediate internment living with him, or can nominate someone to take charge of his property, no action is required.

(Note.- Every facility should be given to an internee to nominate someone to take charge of his property, and he should be encouraged to give a power of attorney to a bank or lawyer.)

(ii) If an internee, who has a residence in British India has no relative or other person able or willing to take charge of his property, his house should be sealed.

(iii) If an internee, who is living in a hotel, or quarters rented on a short lease, etc., has no relative or other person able or willing to take charge of his property, his property should be locked, sealed and transferred to the custody of the District Magistrate or where there is no Distric Magistrate, to the Commissioner of Police.

CONTROL OF ENEMY PROPERTY.

My dear Green.

I am desired to forward for your information

(1) A memorandum showing in brief the instructions which we have so far received regarding control of enemy property.

(2) Copies of letters written to the Chief Secretary to the Government of Mysore, the Agent of the Imperial Bank and the Political Department.

As I suggested to you on the telephone, for the present it is better not to issue a notice to the general public on the lines suggested in your letter No. SB/308, dated the 7th September 1939, in view particularly of the matters referred to in your note of the 8th September.

Will you please act in accordance with the letters referred to above?

Yours sincerely,

J.M.Green, Esq.,
Commissioner of Police,
Civil and Military Station,
Bangalore.

3. If there is no objection, I will also be glad of authority to issue a public notice that there is no objection to persons going for treatment to two German lady doctors in the Station. (One is a Jewish refugee.) These ladies will be able to support themselves and their interned husbands and relatives if they are permitted to practise, but otherwise will become a charge on public revenues. Their activities will be subject to careful supervision. I presume that for these purposes I shall require authority under Defence of India Rule 104(3) if an enemy subject practising as a doctor is included in the definition of 'enemy firm'.

Further, I have so far received no Notification to the effect that the Defence of India Ordinance of 1939 has been applied to the C. & M. Station. I understand that it has been so applied. Could you kindly arrange for a copy of the relative Notification to be sent to me?

I shall be most grateful for any assistance you may be in a position to give me.

My dear Trevelyan,

S.N.12

I have to thank you for your letter D.O.No.F. 193-39(7)/W of the 9th instant and note that the Political Department is being requested to appoint a Controller of Enemy Firms and Staff for the purposes of the Civil & Military Station and that it has been suggested that the Government of Mysore should appoint me in the State for the purposes for which I will be appointed in the C. & M. Station.

I have now received the following telegram regarding the appointment of Agents of the CUSTODIAN OF ENEMY PROPERTY:-

> "Imperial appointed Agents of Custodian of Enemy Property. Stop. Please take over from Police all property of internees and open separate accounts where necessary. Stop Block but do not transfer enemy accounts with other Banks and carry on with full discretion till I can get further orders. Stop. Please distribute above as in Imperials secret letter 2408 of 1st August."

I presume it will be necessary for the appointment to be confirmed by the Resident as regards the C. & M. Station and by the Government of Mysore as regards Mysore State. If my presumption is correct, I would be most obliged if you could arrange to set in motion the necessary machinery for the purpose.

I have advised the Deputy Controller of Enemy Firms,

Can confirmation of press notice actually issued?

My dear Trevelyan,

CONTROL OF ENEMY FIRMS.

With reference to our conversation over the telephone this morning, I enclose a copy of the instructions received by me today from the Controller of Enemy Firms, Bombay.

I am not aware if any publicity has been given in the local press with regard to trading with enemy firms etc. If no such publicity has been given, I have to suggest that the local press might be instructed to publish a Notice on the lines of the Press Note which was arranged to be released from the Offices of the Bureau of Public Information of the Government of India as given in the preliminary information which was passed to me in August. I enclose a copy of the Press Note referred to. It may require alteration to suit local conditions. I suggest that instead of getting into touch with the Deputy Controllers at Bombay and Calcutta, it would save time if persons hereabouts got into touch with the Inspector of Enemy Firms i.e. the Agent, Imperial Bank of India, Bangalore. I have no copy of the Press Note actually issued.

Yours sincerely,

H.Trevelyan,Esq.,I.C.S.,
Secretary to the Hon'ble
the Resident in Mysore,
BANGALORE.

The objects of this organisation are as follows:-

(1) to make an inventory of all property of enemy firms in India;

(2) to prevent the acquisition of any form of property by enemy subjects or enemy firms in India.

(3) to prevent or detect any cases of transfer ~~of~~ by enemy firms of their assets in India, (whether made after or shortly before the outbreak of war), which are against the public interest, either in the sense that they involve delivery of the property to the transferor or to a third person at the end of the war, or in the sense that they involve payment of the consideration at some place outside the jurisdiction of His Majesty or at some time other than immediately on the delivery of the property, or in the sense that the ostensible consideration is less than the reasonable value of the property;

(4) to propose the vesting of enemy property in the Custodian of Enemy Property and to make recommendations as to the manner of its disposal by the Custodian;

(5) to report on the activities of suspected firms and, where necessary, to recommend that they should be declared by Government to be "enemy firms" for the purposes of the Defence of India Ordinance.

2. The following instructions, which have been drafted in haste, are sent for immediate guidance:-

(1) All Agents of the Imperial Bank who are acting as Inspectors of Enemy Firms (i.e., who reside in a district where an enemy firm was carrying on business at the outbreak of war) should, in the first place, make a preliminary examination of the stocks and other assets of these firms and report the position

to

149

as to permit him to have acquired shares of the nominal value held. Action under this section against companies will be taken by the officer within whose jurisdiction the head office of the company is situated.

(5) Disposal of stocks of private limited companies will be governed by the principles of paragraph 2 above, but in view of their size and general importance closer supervision will be necessary than in the case of private (unincorporated) firms.

(6) Claims against enemy firms. These should be forwarded to the Deputy Controller for record. No other action is required at present. We should not invite the public to present claims.

(7) There will be numerous instances of persons claiming to have been sold stocks by enemy firms shortly before the outbreak of war. Large transfers of stocks by firms having German directors or employees (other than to fulfil existing contracts) between 25th August and the 3rd September 1939 should be regarded with suspicion, and every effort should be made to ascertain the true nature of these transactions. Such stocks may only be released, to persons claiming them as the result of a transaction entered into between the 25th August 1939 and the 3rd September 1939, after recording of their statements on oath and after arranging, for payment into a 'blocked' account as in para.2 above.

(8) Transactions completed before the 25th August 1939 are normally not suspect, irrespective of whether the goods are of German origin. Such goods should therefore be released unless the transferee is an enemy subject or enemy firm.

(9) The public have been informed that they may obtain a conditional discharge of obligations due from them to enemy firms by payment of the amount due to any branch of the Imperial Bank. Receipts of this nature should be reported to the Deputy Controller of the Circle at such intervals as he may require.

(1) The following instructions by the Reserve Bank regardir bills drawn by the enemy should be noted:-

Press Note

TRADING WITH ENEMY FIRMS

The section of the Defence of India Rules which provides for the control of enemy firms is of special importance to the business community.

TRADING WITH ENEMY SUBJECTS OR ENEMY FIRMS IN BRITISH INDIA HAS BECOME AN OFFENCE PUNISHABLE WITH IMPRISONMENT OR FINE.

The Central Government have also taken power to determine or cancel (if necessary with retrospective effect) any contract or transfer which they consider to be injurious to the public interest or to have been made with the intention of evading the rules.

The executive authority charged with carrying out the rules is the Controller of Enemy Firms, whose headquarters are in the Reserve Bank Building at Bombay. Subordinate to him are two Deputy Controllers, one, whose headquarters are in the Reserve Bank building at Bombay, in charge of control of enemy firms in the Bombay Presidency, Baluchistan, Sind, Ajmer-Merwara, the C.P. and Madras, while the other, whose headquarters are at Calcutta (c/o the Collector of Customs), is in charge of control of enemy firms in the remainder of British India.

Each Deputy Controller will have a large staff of Inspectors with wide powers of entry, supervision and interrogation, who can if necessary be empowered to supervise any particular business in the closest detail.

The rules also provide for the appointment of a Custodian of Enemy Property in whom enemy property may be vested.

The Central Government are anxious not to impose any restrictions on genuine trade other than such as are essential for the successful prosecution of the war; they accordingly invit the co-operation of the public in the task of identification and separation of enemy property. Persons who have recently been engaged in trade with what are now enemy firms are advised, in their own interests, to get into touch with the Deputy Controllers at Bombay and Calcutta, who have been directed to give them every assistance.

My dear Trevelyan,

NEUENHOFER & CO.

I have been making an inventory of the stocks of the above concern at Curly Street and have found that there are a number of perishable commodities which, if not disposed of, may be ruined. I refer to numerous cases of cheese and a few cases of chocolate etc.

There is a demand for these commodities and I would be glad if you could confirm that I may dispose of perishable articles and credit the proceeds to the Custodian of Enemy Property.

I make this reference to you as power to dispose of such goods is not, as far as I can see from the meagre instructions received, vested in me, a reference made by me to the Controller of Enemy Firms, Bombay on the 13th instant has not as yet been replied to and in the meantime the state of the perishable goods is getting worse.

Sir,

In continuation of my letter No.4428-E.F./39, dated 13th/14th November 1939, I have the honour to say that from the information received I am satisfied that Dr. Martin Bez and his wife Mrs. Dora Bez, Homeopathic physicians, Bangalore, are an enemy firm within the meaning of rule 103 (2) (a) and (d) (i) and (ii) and propose to submit my recommendations to the Government of India asking them to declare this firm to be an enemy firm. I do not, however, propose that their property be vested in the Custodian of Enemy Property for purposes of liquidation, because the stocks consist mainly of homeopathic medicines which, if sold, are not likely to realize any appreciable amount, and on the other hand such action will throw the burden of maintenance of Mrs. Dora Bez and her child on Government. I, therefore, propose that Mrs. Dora Bez be allowed to continue her practice subject to the usual prohibitions against trading with the enemy. Before submitting my recommendations to the Government of India, I would like to know whether the Government of Mysore agree to this action being taken. After orders from the Government of India have been received, the Government of Mysore may also issue similar orders.

I have the honour to be,
Sir,
Your most obedient servant,
